

## PUPPY GUARANTEE

Dear Buyer:

I guarantee this puppy to be free of Genetic Defects that make the puppy not suitable for the purpose of a "family pet" until the puppy reaches One Year of age. Buyer understands that the following slight genetic defects are not considered serious or life threatening and therefore are not covered:

Umbilical hernia  
Undescended testicle  
Underbite or overbite.

Buyer understands that replacement option is only valid when health problems are attributed to the hereditary problems and not due to accident or contagious and/or other illness. In order for a full replacement, buyer must return the original puppy (alive or deceased). Buyer understands that all guarantees expire one year from the date of purchase. I do not guarantee against Parvo, Corona, Coccidiosis, or Gardia after 72 hours of purchase. If your puppy is very sick or has a congenital defect found by your vet, you will return him/her to me within 3 days of the vet check (at the buyers expense) with the registration papers and a written statement from your vet describing the symptoms supporting his/her opinion. Any vet bills incurred to diagnose or repair a problem will be the responsibility of the buyer. Failure to do this will cause this contract to be null & void.

As an added bonus offered by the breeder (Tracy Marlin), if you choose to put your puppy on NuVet Plus, I will extend the Health Guarantee for one additional year, which is two years total, from the purchase date.

Sincerely,

Tracy Marlin
